

**Remarks**

The attorney of record, Richard Tun, would like to thank the examiner for the telephone conversation regarding the issue of the Abstract, as noted in the present office action. The attorney pointed out to the examiner that Applicant previous response (see page 2 of the response on February 17, 2011) presented an amended an Abstract with a length that was within 150 words. Accordingly, Applicant respectfully submits that this issue is moot.

Claim 1 has now been amended as claim 14 to include all limitations of its dependent claims.

New claim 22 represents claim 15 redrafted to include all limitations of its dependent claims.

New claims 23-30 represent original claims 2, 3, 5-9, and 21, all now made dependent upon claim 22.

Applicant respectfully requests that previously withdrawn claim 4 now be rejoined in light of applicants' current amendments to claim 1. If this is not possible, Applicant requests that the examiner call the attorney of record or perform an examiner's amendment to also cancel out claim 4, thereby allowing all the remaining claims presented.

The Director is hereby authorized to charge any deficiency in the fees filed, including for any new claims presented in this current response, asserted to be filed or which should have been filed herewith to our Deposit Account No. 50-3881, under Order No. 7807-101. A duplicate copy of this paper is enclosed.
